## INSTITUTIONAL DISTINCTIVENESS

The NSS Unit of Jangipur College brought about a novelty by introducing free education camps in an adjacent village named Khudiram Pally, Jangipur. The village was adopted for imparting free education to students on 09.04.2023, 18.12.22, 20.11.22 and 16.04.23. The response from the students was overwhelming. 22 NSS volunteers went to the village to not only train students from the underprivileged community but also to teach that empathy and patience is an integral part of education.

Community service is an essential part of building responsible, open-minded, principled citizens. It gives students an opportunity explores their academic world through the real-world lens. The experience counts and gives them a leg up when applying for jobs beyond college life. Their leadership skills and worldview get extended. It is an essential part of well-rounded education. It teaches the students the value of serving others and helps them develop self-discipline and critical thinking skills. It is vital for students to remain connected with their community and be role models.

The IQAC has always been encouraging such meaningful community engagement with a great emphasis on reciprocal learning and reflection. Such field based experiential learning is also an integral part of the New Education Policy 2020 which will soon be introduced in this institution.
